## What are your musical tastes?

► My favorite genre is alternative rock. I love live concerts. I once saw Metallica and Foo Fighters live in New York. They were awesome. I also like to listen to music when I travel. I just load my mini MP3 player with lots of songs and carry it with me. At home, I like the music channels on TV. I also enjoy music videos and often search for them on the Internet.

**Damir Rudic**

Systems administrator, IT, Banja Luka City, Bosnia and Herzegovina

► I'm a big music fan. I'm into all kinds of music—pop, R&B, jazz, classical—you name it. When I'm really stressed out, classical music helps me relax. I also like to play "oldies" and sing along really loud! In the past, I collected CDs, but now I just buy songs on the Internet. It's really convenient because you don't have to change CDs! I just download the files onto my MP3 player.

**Moon-Jeong Curie Lim**

Marketing manager, Seoul, Korea

► I listen to music on my commute and at home after work. I've got plenty of time to listen because I listen while I do other things, like reading, checking e-mail, or hanging out with friends. I love to see rock bands live, but sometimes I prefer CDs because the sound quality is better. I download music and I pay about one U.S. dollar per song, but even at that price I could never buy all the music I want to listen to!
